Muhammad Rafiq

Peshawar, KPK, Pakistan | +923129185825 | rafkhan9323@gmail.com | [LinkedIn](#) | [Github](#) | [Portfolio](#)

Profile

- Self-driven developer and continuous learner with a passion for turning ideas into real-world solutions guided by the belief that *"a great developer doesn't just write code, they solve problems."*
- Highly motivated and results-oriented with expertise in MERN, Python, and React Native; proficient in building scalable web/mobile applications and integrating AI/ML-driven solutions such as chatbots, and automation.

Expertise

Full-Stack(Mobile/Web) | AI/ML | DevOps   **(2022– Present)**

- Developed fast, responsive full-stack web and mobile applications with intuitive, native-like user experiences.
- Built AI-powered systems and custom agents using NLP to automate tasks, power chatbots, deliver recommendations, and enhance decision-making
- Led full-cycle delivery of scalable APIs and microservices, implementing secure deployment pipelines, maintaining code quality, and fostering team growth.

Experiences

Full-Stack Developer Intern
HiSkyTech   **Aug 2024-Sept-2024(Remote)**

Contributed to internal tools and automation projects. Collaborated with senior developers on UI enhancements and API optimization. Learned industry best practices for clean code, version control, and responsive design.

Backend Developer
Clouditecture   **Nov 2024–Present(hybrid)**

Contributing to the development of scalable backend systems for cloud-based applications. Designing and integrating secure, high-performance RESTful APIs and microservices. Collaborating with cross-functional teams to implement features, optimize performance, and improve architecture.

Frontend Developer
Zypher Enterprise   **July 2025-September 2025(onsite)**

Developed and maintained responsive web applications using React.js optimized UI performance, and collaborated with backend teams to deliver scalable features.

Education

BS Computer Science   **(2022-2026)**

Skills & Abilities

· Problem Solving
· Fun, energetic, and punctual
· Excellent interpersonal and communication skills
· Passionate

Technical Skills

· Frontend: HTML, CSS, JavaScript, TypeScript, React.js, Next.js
· Backend: Node.js, Express.js, Python (FastAPI, Django, and Flask)
· Mobile Development: React Native, Expo
· Databases: MongoDB, PostgreSQL, and MySQL
· API Integration: RESTful APIs, Third-party APIs
· AI/ML: Machine Learning (basic), OpenAI, Gemini API, Hugging Face, Retrieval-Augmented Generation (RAG), LLM integration
· DevOps & Tools: Git, GitHub, Docker, Postman, Vercel, Netlify
· Cloud: Supabase, Firebase

Activities and Interests

· Exploring New Tech and AI Tools
· Environmental conservation
· Sports & Fitness
· Traveling and Cultural Exploration

Languages

· Pashto – Native proficiency (Mother Tongue)
· Urdu – Native proficiency (National Language)
· English – Professional proficiency (Official Language)
